PENNSYLVANIA HIGH-SPEED MAGLEV PROJECT

www.maglevpa.com

Port Authority of Allegheny County invites you to attend public meetings regarding the Environmental Impact Statement (EIS) for the Pennsylvania High-Speed Maglev Project*.

The purpose of the meetings is:

- To present the alternative alignments that have been studied in detail and will be evaluated in the Draft EIS.
- To present information regarding potential impacts, such as noise and infrastructure, and possible mitigation efforts.
- Educate and obtain feedback on the EIS process and high-speed maglev technology.

Municipalities that could potentially be affected by maglev construction include:

Findlay Township; Moon Township; Robinson Township; Kennedy Township; McKees Rocks Borough; City of Pittsburgh (Esplan, Strip District, Downtown, Lawrenceville); Municipality of Penn Hills; Verona Borough; Oakmont Borough; Plum Borough; Municipality of Monroeville; Municipality of Murrysville; Penn Township; North Huntington Township; Hempfield Township; and Manor Borough.

The Pennsylvania Project

The proposed Pennsylvania High-Speed Maglev Project is a high-speed magnetic levitation transportation system that extends from Pittsburgh International Airport to Greensburg with MAGport™ stations located at the Airport, downtown Pittsburgh, Monroeville and Greensburg. The system, which is approximately 50 miles in length, would take passengers from Greensburg to the Airport in under 30 minutes.

The Pennsylvania High-Speed Maglev Project is a public/private partnership between Port Authority of Allegheny County, MAGLEV, Inc., and the Pennsylvania Department of Transportation in cooperation with the Federal Railroad Administration.

** Officially referred to as the Pennsylvania Project of the Magnetic Levitation Transportation Technology Deployment Program*
